

M-Series Brake Upgrade Kit Specifications

Model: BA - BF Falcon
Part nos: PK18 - 19

The combination of all the benefits listed below lead to a significant reduction in stopping distance.

Note: Minimum 18" wheels must be fitted

| Features | Original BA/BF Specification | Original BF XR6/XR8 Specification | M-Series Kit Specification | Benefits |
|---|---------------------------------|-----------------------------------|--|--|
| Larger front rotors | Ø298 x 28 vented | Ø322 x 28 vented | Ø355 x 32 2-piece vented | Increased brake response Improved thermal performance |
| Larger rear rotors | Ø303 x 16 solid | Ø328 x 26 vented | Ø355 x 26 2-piece vented | Increased brake response Improved thermal performance |
| Slotted rotors front and rear | No slots | No slots | 8 straight slots per rotor | Increased pad bite Reduced brake fade |
| Opposed piston monoblock caliper housings | Front 2-piston Rear 1-piston | Front 2-piston Rear 1-piston | Front 6-piston Rear 4-piston | More responsive pedal feel Reduced pad wear |
| Pad-per-piston caliper design | 2 long pads per caliper | 2 long pads per caliper | Front 6 pads Rear 4 pads | Eliminates tapered pad wear |
| Performance friction material | Passenger car formulation | Passenger car formulation | Performance rated formulation | Increased pad bite Reduced brake fade |
| Performance brake hoses | Rubber brake hoses | Rubber brake hoses | Stainless steel braided brake hoses | Improved brake response More responsive pedal feel |
| Coated caliper housings | As cast | As cast | High gloss Flame coating with PBR Performance logo | More aggressive appearance |
