

M-Series Brake Upgrade Kit Specifications

Model: VT - VZ Commodore
Part nos: PK21

The combination of all the benefits listed below lead to a significant reduction in stopping distance.

Note: Minimum 18" wheels must be fitted

Features	Original Specification	M-Series Kit Specification	Benefits
Larger front rotors	Ø296 x 28 vented	Ø355 x 32 2-piece vented	Increased brake response Improved thermal performance
Larger rear rotors	Ø286 x 16 solid	Ø355 x 26 2-piece vented	Increased brake response Improved thermal performance
Slotted rotors front and rear	No slots	8 straight slots per rotor	Increased pad bite Reduced brake fade
Opposed piston monoblock caliper housings	Front 2-piston Rear 1-piston	Front 6-piston Rear 4-piston	More responsive pedal feel Reduced pad wear
Pad-per-piston caliper design	2 long pads per caliper	Front 6 pads Rear 4 pads	Eliminates tapered pad wear
Performance friction material	Passenger car formulation	Performance rated formulation	Increased pad bite Reduced brake fade
Performance brake hoses	Rubber brake hoses	Stainless steel braided brake hoses	Improved brake response More responsive pedal feel
Coated caliper housings	As cast	High gloss Flame coating with PBR Performance logo	More aggressive appearance
